

# Tier 2A - Annual Data Set Fees for Wisconsin Hospitals

## Fixed-Width Data Sets

Each Wisconsin hospital is assigned to a pricing tier. In purchasing the Fixed-Width Data Set, the facility receives Inpatient, Outpatient Surgery and Emergency Department Data, along with Physician-Enhanced Data.

Tier	Annual Fee
I	\$454
2	\$901
3	\$1,159
4	\$1,775
5	\$2,722
6	\$4,360
7	\$6,828
8	\$10,455
9	\$14,252
10	\$21,977
11	\$30,449
12	\$70,651

## Relational Data Sets

If a Wisconsin hospital purchases the Relational Data Set, the pricing includes an additional 15% fee to the Fixed-Width pricing. The hospital would receive Inpatient, Outpatient Surgery, Emergency Department and Observation, along with Physician-Enhanced Data.

Tier	Annual Fee
I	\$522
2	\$1,036
3	\$1,333
4	\$2,041
5	\$3,131
6	\$5,014
7	\$7,852
8	\$12,023
9	\$16,390
10	\$25,274
11	\$35,016
12	\$81,248

# Standard Relational Data Sets & Other Hospital Outpatient (OHO)

The pricing below includes all data types, including the Other Hospital Outpatient (OHO) Data. The OHO Data includes an additional 15% fee of the relational pricing. The OHO Data Set is only available in the relational format.

Tier	Annual Fee
I	\$601
2	\$1,192
3	\$1,532
4	\$2,347
5	\$3,600
6	\$5,766
7	\$9,030
8	\$13,826
9	\$18,848
10	\$29,065
11	\$40,269
12	\$93,436
