

Tier 2B - Annual Data Set Fees for non-Wisconsin Hospital and Surgery Centers

Fees for non-Wisconsin hospital and surgery centers are based on discharges. The number of discharges refers to the combined number of records in the most recently reported calendar year for the facilities that will access the purchased data or information derived from the purchased data. The pricing below is per data type.

Fixed-Width Data Sets

Annual Records	Quarterly Fee per Data Type
0 - 6,000	\$502
6,001 - 20,000	\$502 + \$0.0026 per discharge in excess of 6,000
20,001+	\$1,003

Relational Data Sets
