Patient Detail and Claim Information	
MRN: Medical Record Number	The unique number assigned to each patient by the facility that distinguishes the patient and their medical record from all other patients.
Insurance Cert #	Patient insurance number assigned by the payer organization. The primary payer insurance ID / Member number or group policy number is recorded. Leave blank for self-pay.
Birth Date	The patient's month, day, and year of birth (mmdyyy).
Gender	F = Female M = Male X = Nonbinary *Gender may be U or O if patient has an ambiguous gender or is transgender. Condition Code 45 must be used in any Condition Code field to override edit in Wipop.*
Marital Status	Optional – populate if collected – see Appendix 7.14 for codes.
Race	See 7.2 for the appropriate one-digit code.
Race 2 (optional)	If patient identified two races, enter the first chosen in race 1, followed by race 2 code.
Ethnicity	See 7.2 for the appropriate one-digit code.
ZIP Code	The five-digit code assigned by the US Postal Service. The field should be zero-filled ('00000') for a person with an address that does not include a valid US ZIP code. If the ZIP code is unknown, such as for homeless patients, this field should be left blank and populate a Condition Code with '17'.
Unique Case ID	The case ID generator automatically assigns the code. It is designed to help protect the confidentiality of the patient. Once you click the generate ECID the data of birth and the gender of the patient automatically populates in the HTML page.
Principal Diagnosis	The ICD-10-CM diagnosis code describing the condition established after study to be chiefly responsible for the services provided during the visit. <i>Do not enter decimals.</i>
Rendering NPI	Provide if available
Referring NPI	Provide if available
Operating Provider NPI 1	The NPI number of the operating provider who performed the principal procedure.
Other provider NPI 2	The NPI number of the second procedure provider that participated in procedure.
Principal Procedure Date	Record the month, day, and year the principal procedure was performed. (mmdyyy).
Principal Procedure	The CPT procedure most related to the principal diagnosis performed during the episode of care.
Modifier 1 -4	CPT or HCPCS Level II modifiers. Enter if available in the 4 modifier fields as appropriate. The modifier that has the most impact on payment should be entered in the Modifier 1 field.
Expected Source of Payment (SOP) ID	The first three characters from the primary payer code. See Appendix 7.3 for appropriate codes. Example MED or T19 for Medicare.
Expected Source of Payment (SOP) Type	The fourth and fifth characters of the payer code. See Appendix 7.3 for appropriate codes. Example a 2 digit code '01' if Medicaid fee for service or non HMO or '41' for Work comp.
Secondary SOP ID	The first three characters from the secondary payer code when there is a secondary payer. See above.
Secondary SOP Type	The fourth and fifth characters of the secondary payer code. See above.
NPI Billing Provider	National Provider ID (NPI) number of billing provider – Facility Billing NPI number.
Type of Bill	A code indicating the specific type of bill. Please see Appendix 7.4 for appropriate codes. Typically, FASCs use Code '999' because the type of bill code is not supplied on the HCFA 1500.

Patient Detail and Claim Information	
Total Charges	Total covered and non-covered charges related to the episode of care that is being reported, excluding the professional component. Assumed to be positive. Field = ('0.00') if no charges.
Condition Code 1 - 4	Code '17' should be entered for all inpatient and outpatient cases where a patient is homeless at the date of service when there is an unknown ZIP code. Remaining condition codes apply to hospitals. Condition Code 45 should be used for gender unknown.

Additional Diagnosis (Dx) Record and External Cause Codes	
ICD-10 Code	The ICD-10-CM codes corresponding to additional conditions that co-exist in addition to the principal diagnosis (include External Cause Codes). Add line items as appropriate.
POA - Additional Dx	Only applies to Inpatient Records - Not applicable for FASCs.

Additional Procedure Record	
Additional Procedure Code	The CPT or HCPCS codes corresponding to additional procedures in addition to the principal procedure listed on the Primary Record, which were performed during the episode of care. Unlimited number allowed.
Modifier 1 - 4	CPT or HCPCS Level II modifiers recorded on claim/record. The modifier that has the most impact on payment should be entered in the Modifier 1 field.
Procedure Date	Date the secondary or additional procedure was performed.
Revenue Record detail required	
Service Date	Record the month, day, and year that the outpatient service was provided. Format = (mmddyyyy).
Revenue Code	Not required for FASCs.
CPT/HCPCS/Rate	HCPCS/CPT Level I and II codes applicable to the service provided.
Modifier 1 - 4	CPT or HCPCS modifiers that affect payment most should be entered in the Modifier 1 field.
Units	The value defined as a positive number 'a minimum of '1' regardless if the charge is zero or greater than zero.
Charge	Total charges related to the HCPCS/CPT code or rate recorded on a specific line.

7.14 Marital Status Codes

Collection of Marital Status is SITUATIONAL or Optional to provide support for facilities that collect this information. WHAIC will collect this field, but we do not have plans at this time to include it in any of our publications.

Situational/Optional field in the 837 file, submit if collected. See Section 5.4 and 5.5 of Companion Guide

Code	Display	Definition
